A CORDIAL INVITATION

We cordially invite all who are interested in the production of better Polled Shorthorns to be our guests on November 24th at our farm. We are confident that you will agree to our assertion that we are offering not only the largest but the best lot of cattle we have ever produced.

We hope that you will arrive in ample time to permit an inspection of our battery of breeding bulls, the breeding herd, and the calves that are produced, as well as the cattle in the offering.

We have been breeding these cattle for forty-three years. We frankly feel that those many years of hard work and untiring effort have not been in vain. The cattle speak for themselves. Our confidence in the ability of our cattle to make good for their purchasers is substantiated by the records made by prize winners sold in previous auctions. We have always sold our best cattle each year. A fact that is reflected in the winnings at the greatest Polled Shorthorn shows on earth. In spite of the records attained by these animals, the improvement they have made in the herds, and for the herds of fellow breeders we re-iterate our belief that the 1943 offering is superior to all previous ones. There are better top animals and a far better average throughout the entire consignment.

We are pleased that Alpine Farms are again selling a choice and carefully selected group of outstanding cattle in our sale. We have personally inspected every animal they are consigning and they are a great improvement over the good cattle they sold last year.

In loyalty to Polled Shorthorns we know of no method of opening up broader channels and more fertile fields, no means of creating greater interest, stimulating more breeders, than to offer those animals that are at the peak of our production efforts of forty-three years. New owners, we sincerely hope, will carry them on to a further degree of success.

THE THIEMANS

HOPE CHANGES TO REALIZATION

Forty-three years ago, my father, William Thieman bought several of the best Polled Shorthorn cattle available in America. As a boy passing from his teens to his twenties, I studied and liked those cattle. A few years later I borrowed some money and purchased the farm we now call home. I visualized this productive looking piece of land with very little in the way of improvements to offer, becoming a well improved farm with even greater productiveness and I felt that Polled Shorthorn cattle not only could but would play a great part in changing this dream to reality.

With this in mind several cows from my father's herd were brought over to my farm. I purchased my first straight Scotch bred cow. Today you will find the Lustre family still in our herd. No others remain from that early starting of the herd. As time went on my plan was to use the best bull I could locate, wherever he might be or whatever he might cost. Also, as conditions permitted, outstanding females were added to the herd. To get what I wanted I have paid the highest price ever paid for a Polled Shorthorn female. She proved a worth while investment. Cattle have been purchased from fifteen different states and Canada.

As each auction approaches I am happy, yet sad. I'm happy because that above mentioned dream is real. The place has been improved, the herd now numbers over 225 head and we have added 280 acres of most productive land that is well watered, well fenced and has a good set of buildings. After this sale is over we shall still have lots of good cattle left with more calves coming all the time. Our breeding program not only shall, but will go on. I'm happy because I have been able to educate my boys. I'm happy because in spite of my poor health and age, my dream is still alive and growing. Homer is now working on the staff of the Corn Belt Dailies as Circulation Manager. He is still vitally interested in Polled Shorthorns. He took the first shipment of this breed to Australia, and he has had experience on the road with the show herd.

Harold, for quite some time now, has taken over the active management of the entire herd and farms. Since he started showing with Vanity Queen in 1932 the herd has made a most enviable show record along with steady improvement of the breeding herd. My son and I stress this herd improvement more so than our show records and it must be so! Most of our cattle go each year to old and evidently satisfied customers. They show well, and produce well. Bulls bred here head great herds. Females bred here are most valuable assets to many a breeders pastures. They have definitely proven to their new owners to be a source of pride and income. This established fact is invaluable to us because it serves as a definite incentive to produce more good cattle of higher average quality and each succeeding year we must produce more nearly perfect individuals.

I have mentioned that I am happy, yet sad. Yes, I'm sad because a number of the greatest friends I've ever had are leaving home soon. They have played more than their part in making a fanciful dream come true. They have been ceaseless and untiring workers. They have kept things going through the bad years as well as the good years. In spite of adverse times and depression years they have always turned over a goodly profit because there is always a demand for the best. Perhaps most important of all, they have brought me contacts and established friendships that are invaluable.

My greatest consolation in each auction is that wherever they go, they will be your friends as they have been mine.—

LEWIS W. THIEMAN

THIS BATTERY OF HERD SIRES IS AMERICA'S STRONGEST

CHERRY CORONET x1905054—Started his brilliant show and breeding career by winning junior champion honors at the International when barely nine months old. During the remainder of his show career he was made a champion many times even in strong horned competition. At the 1940 International he was taken out of the pasture as a breeding bull and with practically no fitting won his class and headed our winning graded herd group. It is significant that at his last show, his first son to be shown, Coronet Command, was made junior champion. From this date on the popularity of this great breeding son of the old International grand champion, Count Coronet, has spread and developed tremendously. His son, Coronet Command, came back to the International in 1941 under the ownership of Teegardins from Ohio and he was made senior and grand champion. Many of his sons today along with Coronet Command are heading some of the nation's greatest herds. His daughters likewise many times have been made champions, topped sales and now are valued members of the nation's greatest breeding herds. It is significant that in our 1943 sale thirteen daughters and ten sons of this bull will be sold. Three heifers are safe in calf to him.

CLAYTOUN CORONET x1921514—This solid red grandson of the great imported bull, Saltoun Claymore, has already written some impressive chapters in Polled Shorthorn history. One of his sons topped our 1941 sale and one of his daughters topped our 1942 auction. At the 1941 International he sired the grand champion female, the first prize get-of-sire, the first prize senior bull calf, best bull and female of the show any age, first prize pair of calves and a goodly number of our winning ten head group. No more impressive record has ever been established by a breeding bull at the International Live Stock Show. Three daughters and one son of this bull sell in the sale and five heifers have been mated to him.

KING OF HEARTS x2014088—This dark even roan son of Cherry Coronet is out of the same red cow that produced the world famous, Queen of Hearts, 1939 junior and grand champion female at the International. A son of this bull topped our 1942 auction. He sires exceptionally good headed, well balanced, rugged calves. Due to war conditions we have not had the privilege of exhibiting any of his offspring, although we feel that they would be winning in the greatest shows of America if they were going on at this time. Remember that ten daughters and two sons of this bull sell in the auction. Six heifers carry the service of King of Hearts.

CORONET CHARMER x2152419—This dark even roan son of Cherry Coronet is now a valued member of our battery of breeding bulls. His dam is the most attractive cow, deep red in color, in our entire breeding herd. She is a polled daughter of Count Coronet and is out of the same cow that produced the mother of Coronet Command. A beautiful Bruce Augusta pedigree and undoubtedly one of the best individuals that we have ever had the pleasure of using as a herd bull. Seven heifers to be sold in the sale carry his service. This remarkable young sire will make a name for himself and his get in the herd in which he was bred.

CORONET PRINCE ROYAL x2132871—In 43 years of breeding Polled Shorthorns we have never owned a bull to equal or compare with Coronet Prince Royal. We want you to come to our farm to see this bull and we know that you will feel that your trip has been worth while. He belongs to the Princess Royal family and his breeding is backed by Thie-man, Teegardin, Maxwalton, Bellows and other noteworthy breeders. Many experts and authorities wholeheartedly agree with us that he is the greatest Polled Shorthorn bull that has ever been bred. Regarding his individuality he is perfect in almost every way. One authority made this frank remark, "If I were given the power to change him wherever I please, I don't know what I would do to him". A new future, a bigger, better and brighter future lies ahead for those buyers so fortunate as to secure one of the top seventeen heifers that carry the service of this great young bull.

FROM THE SALE MANAGER

Since 1940 The Annual Thieman Polled Shorthorn Auctions have been recognized as the finest source of breed-improving seed stock available. The Thieman unequalled triumphs in the show ring have not been the only reason for this great demand. The constructive breeding program followed in this herd for over forty years has produced cattle that have worked real improvement in the countless herds to which they have gone.

It was my pleasure to spend a day at the Thieman Farm going over very thoroughly this entire lot of cattle listed in this catalog and I would be remiss did I not call special attention to the extreme high quality of the offering. The bulls and females alike are certainly 1943 models of the best to be had in efficient beef makers. The handling of these cattle cannot be overlooked for therein without doubt lies some of the secret for the success of Thieman bred cattle in other herds. They have been developed in a manner that will bring out their fine quality and also with more than a thought to their future usefulness. Yes I can assure you that a genuine pleasure awaits anyone who can make possible attendance at this sale, for no trip is too long and no cost of travel too great to assure your presence at the Thieman Farm on November 24th.

Coronet Transformer x2174553—Is, in the opinion of many, the best Polled Shorthorn bull that the Thiemans have ever offered for sale. He represents the fifth generation of Thieman breeding. It is most significant to note that his sire, both grand-sires, and all four of his great grandsires have not only been grand bulls with records of their own, but every one of them has sired one or more International grand champions. A most fashionable Violet pedigree backed strongly by Coronet and Whitehall Sultan breeding. No better herd bull prospect has ever been offered at public auction on the Thieman farm. Coronet Transformer does complete justice to his history making ancestry, as an individual himself. He has a most impressive head with the kind of Polled Shorthorn character that is always hoped for, but seldom if ever seen. He is low set and well balanced. An abundance of thickness and natural fleshing along the back, particularly just behind the shoulders is he good. He has well-filled quarters that are wide and deep and he stands with a leg on every corner. We most heartily recommend Coronet Transformer to the most critical buyer.

Coronet Cavalier x2174544—We regard this calf as one of the thickest, typiest and most compactly built bulls we have ever produced. He is deep red in color all over. He looks the part of an impressive sire—burly of head bespeaking prepotency, short of leg, unusually thick, and full of substance, full quartered and he has plenty of bone. His dam is one of our top breeders. Some authorities consider him the best bull in the auction. A. S. Hewitt White Post, Virginia, purchased Roan Lady Coronita, one of last year's top females out of the same dam as this bull.

Coronet Goodenuff x2174547—Here is the calf that the buyer has every reason to expect to always be attractive and breed on. His dam is a polled sport cow that produced the 1941 International grand champion female, Mayflower Coronita, and his sire is Cherry Coronet who sired Coronet Command, the 1941 International grand champion bull. Where could you possibly get more championship blood than from the animals which produced the last two International grand champions? This bull has every right to carry on as an individual and to sire animals worthy of his faultless ancestry. Study him with a thought of what his use in your herd might do in the future.

Queen of Hearts 5th x2152441—The granddam of this heifer and the mother of Queen of Hearts 4th were full sisters. She is intensely line bred in the breeding of the Coronets, and as an individual is highly worthy of this breed. She belongs to as universally popular a family as has ever graced the pages of Polled Shorthorn history. We consider her as good a female as we have ever offered for sale. Note from the photograph her perfect balance and that typically perfect Polled Shorthorn female head. She has the character, the style, the quality to carry on the traditions of her well known and respected ancestors. She is out of a solid red dam for which we have refused enormous prices. Queen of Hearts 2d topped our 1940 sale going to Mr. J. C. Banbury, and Queen of Hearts 4th was one of our top females in our 1942 sale going to Mrs. A. S. Hewitt of White Post, Va. Carefully consider what this breeder can mean in your herd book. Consider what this heifer can do toward the rapid improvement of your breeding operations. This is the only Queen of Hearts heifer we are offering, and in our sale next year we do not intend to sell any Queen of Hearts.

Lustre Coronita 11th x2152436—Represents the seventh generation of our breeding. This family has always been most dependable. They have steadily produced good calves with good colors that always found a ready market. The granddam of this heifer is a sister to Vanity Queen. What she may be worth to you in the future can never be estimated. We know what this family has done for us or we wouldn't still be breeding them.

Nonpareil Coronita 3d x2152439—This perfectly balanced, typy heifer is all any one could desire in a great female. She is a show heifer from every angle and from end to end. Certainly she is the kind that is seldom if ever offered. She is a mate to the Reserve Champion heifer at the 1943 Congress Sale and we have always considered her a better heifer. It isn't so much what this heifer brings, it is whether or not you'll own her if you want to breed the best. This heifer is now safe in calf to Coronet Prince Royal. The addition of this heifer with the calf she is carrying can mean great advancement in the entire breeding operations of your herd.

Victoria Coronet 2d x2132784—It is very seldom that we find one breeder's name down the entire left side of a pedigree. This family must have been good, they must have produced well, or the Baxters would have sold them long ago. Judging from the sires used, the building program here, you can easily see why this heifer will make a great breeding cow.

Augusta Coronita 15th x2152428—Ever own a full sister to an International grand champion bull? Here is your opportunity. She is a full sister to Coronet Command, the grand young bull that was undefeated as a junior champion and went on to be crowned senior and grand champion in 1941. We would not even consider selling this great heifer if we did not have a full sister that we are keeping in our breeding herd. Her mother, her grandmother and several sisters to her dam are all valued members of our breeding herd. She has the kind of conformation type and quality that along with her beautiful pedigree she could easily enough be the top female of our entire offering. Consider her value. Who will take advantage of our offer of this grand heifer?

Rich in the blood of the Coronets, beautifully balanced with lots of style and quality to spare, she is the kind a judge just can't turn down in the show ring. She is out of an all red, most attractive cow that is a real attraction in our breeding herd. An abundance of the best of polled breeding back the quality, conformation and breed character of this young breeding prospect. We do not know what this heifer is worth, but we do know that successful herds have been built on her kind.

Nonpareil Coronita 4th x2152440—Had the shows been going on this year this heifer would no doubt be well known by this time. Certainly she is a show heifer in every sense of the word. Beautifully balanced, a world of breed character and just the kind we are all looking for. If you really want to produce top cattle in the future, you can't afford to pass up this heifer. Just recently she was bred to the sensational young bull, Coronet Prince Royal. With this kind of a heifer, look to the future and visualize a herd like her. We cannot begin to estimate her value, but only because we want this offering of cattle to contain the best females ever sold have we decided to part with her.

Vanity Fair 4th x2152445—This great young breeding matron is bred to the white bull, Coronet Prince Royal. She is out of the same dam that produced our great herd heading bull, Cherry Coronet. Her sire is the dark roan King of Hearts, a brother to Queen of Hearts. This heifer has a beautiful Orange Blossom pedigree and will make a top producer of championship caliber cattle in any herd. The calf she is carrying can easily be worth the price she brings. We would not consider selling this heifer at any price except that we have two sisters to her from the same cow. We do not know her value but we feel that she can do as much for her new owner as this family has done for us.

Cormorra Coronita 6th x2174556—Is out of a sister to Count Coronet and sired by a son of Count Coronet. She also belongs to our famous Shepherd Kora family that started us on our way toward the production of really outstanding Polled Shorthorns. This is the family that produced Count Coronet, Graceful Supreme, the bull that sired Vanity Queen, as well as a lot of other truly great cattle. You can't possibly go wrong by buying this heifer. She has an abundance of polled breeding, is out of a thirteen year old red cow that has been a regular producer and never had a poor calf in her life. Study this pedigree and think what this daughter of Cherry Coronet could do for your herd. She will add prestige to your herd so don't fail to take advantage of this golden opportunity.

Butterfly Coronita 2d x2152430—Is a dark roan daughter of old Cherry Coronet and is safe in calf to our dark roan, young herd bull, Coronet Charmer. Her dam is now approaching sixteen years of age and is still a valued member of our breeding herd and raising her own calves. This heifer has a wonderful depth of body, natural thickness and fleshing that any respector of good cattle can't help but admire. Like her mother she will undoubtedly be a great producer with a long and productive life ahead of her. Her dam was sired by Sultan Laird, a champion in his own right and one of the greatest bulls ever used in the West. Her pedigree is right, her type and quality are right and the buyer will be doing right when he owns her.

Mardale 20th—sire, Mardale x1273403 by Mysterious Dale 838038, out of Maud 59th x1019204. Dam, Lady Fragrance 14th x1262674 by Royal Marshal x708336, out of Sweet Fragrance 990420.

Coronet's Lily 2d x2127909—Is a daughter of the great young breeding bull, Violet's Coronet 3d, who is solid red in color and would undoubtedly have been a show bull making history in the nation's stiffest shows had he not been purchased from us by the Baxters when just a young calf. Look down the line of bulls that back these Baxter cattle and the breeders who bred them. Those same breeders back up the greatest cattle in Polled Short-horns today. This heifer is now safe in calf to Coronet Prince Royal. We can't begin to estimate the value of the calf she is carrying. She is the kind we prefer to keep.

Orange Blossom 3d x2121045—The sire of this heifer is a full brother to Gloster Dale who in turn sired the two top selling bulls in auction in recent Polled Shorthorn history. The dam of this heifer is certainly a grand breeding matron. She is sired by a son of Count Coronet. We consider this heifer to be one of the attractions of the sale. In every way she is the right kind; thick, deep, wide, good headed, well balanced, modern in type, and she is safe in calf to Coronet Prince Royal. The buyer of this heifer, we feel certain, will be pleasantly surprised as time brings out her production ability.

Goldie Coronita x2152433—One of the nicest pedigrees in the entire book and a grand heifer to back it up. Looking down her list of sires we find Cherry Coronet by Count Coronet, Golden Coronet, a grandson of Count Coronet and Browndale Monarch, then Collynie Dale by Lord Collynie and from there on one of the greatest line ups of bulls ever to appear on any pedigree. We hate to sell this heifer and we realize that our breeding operations will be impaired without her.

Victoria Coronita 5th x2174563—Is about all anyone could desire in a female. A show heifer through and through and she certainly comes by this honestly. The sire, grandsires and great grandsires of this heifer have all sired International grand champions. Her dam is the dam of our top selling bull last year purchased by Mr. and Mrs. Jack Nelson of Somonauk, Illinois. She has an ideal head and front, is as smooth as they come and is of the kind that is seldom offered. We want to sell the best lot of cattle in this auction that have ever been offered and we are selling her as one of the best. Her faultless pedigree, show ring appearance and outstanding promise make her worth unquestioned.

Mayflower Coronita 7th x2174350—Is the 1941 International grand champion female made over. She has the same color, the same head, the same body conformation, and in many respects, practically the same pedigree. Although she is just a young calf, if we were certain that shows would be held next year, we would not have her for sale at any price. She certainly looks the part of a coming champion to us. Think what she could do for the breeding operations in your herd.

Graceful Violet 15th x2174349—This young red daughter of Cherry Coronet is backed by about as many cattle that have actually produced champions as you could pile into a pedigree. There is an abundance of polled blood here and she represents the fifth generation of Thieman breeding. She is intensely bred in the blood of the Coronets and the blood of Whitehall Sultan. She is certainly a beautiful heifer with a world of style, breed character and femininity.

Ethel Coronita x2174558—This dark even roan heifer is out of a Sni-A-Bar Ethel cow by the imported bull Helmsman. Her dam was a show cow for Sni-A-Bar Farms and if you have followed the Shorthorn sales, you know what the Ethel family has done for Sni-A-Bar and other great horned breeders. A sister to her dam a few years ago was awarded grand champion female honors in Australia. If you want the most of the best in a young heifer don't pass this one up. Coronet Advance, sold in last year's sale, was a full brother to Ethel Coronita.

ALPINE FARMS, Lexington, Missouri

offer 19 Beautiful Heifers and 7 Top Bulls

Oakwood Regal Crown

Oakwood Regal Crown—By the celebrated International grand champion, Oakwood Emperor. Sons and daughters of this good sire comprise Alpine Farms' consignment to this offering. Study their breeding carefully in the pedigrees that follow. His get are strikingly uniform with remarkable thickness, quality and modern type.

Collynie Impression—Was also purchased for service at Alpine Farms following his undefeated record as a junior yearling at all shows exhibited, including the International in 1940. He is by King Collynie Jr. and his get selling in this sale are further proof of his outstanding ability as a sire of merit.

Collynie Impression

Alpine Impression

Alpine Impression—The first calf by Collynie Impression. As a senior calf he was grand champion at the 1942 Missouri State Fair. He brought further honor and glory to Alpine Farms by being declared the grand champion bull at the 1943 National Polled Shorthorn Congress Show and Sale at Chicago. You can buy bulls and females like him in this sale.

"The Thieman Type"

PERFECT POLLED HEADS ... STRONG BACKS
DEEP, FULL QUARTERS ... SHORT, STURDY LEGS
LEVEL LINES ... WELL SPRUNG RIBS
BEAUTIFUL COATS

Shown on these pages is "QUEEN OF HEARTS", an International Grand Champion female in 1939. She personifies all of the superlative qualities found in Thieman Polled Shorthorns and is typical of the results obtained when Thieman sires are bred to Thieman dams. Her sire is Nonpareil Coronet x by the International Grand Champion Count Coronet x and a champion in his own right. His dam was Village Count Jr. x, also the sire of Count Coronet x.

"The Coronets"

No line of breeding is as well known and as universally popular in the Polled Shorthorn breed today. Is is synonymous with Thieman Polled Shorthorns for it was in the Lewis W. Thieman herd at Concordia, Missouri that this line was established. Count Coronet x, pictured herewith, is at the head of this great lineage and his prepotent blood is found today wherever good Polled Shorthorns are produced. He was an International Grand Champion and sire and grandsire of many champions. The thorough infusion of this blood is the reason that Thieman-bred Polled Shorthorns have won more firsts and championships at the last two Internationals than the total won by all other exhibitors combined.
